Important Information – Please Read Carefully

- A Dress Code will be enforced both in In-Car and In-Class sessions. Students are expected to dress in a conservative fashion for all in-class and in-car sessions. Halter / bikini tops, muscle tee-shirts and bare midriff / exposed belly button fashions are not permitted. Exposed body and torso skin below the shoulders and above the knees are not permitted. Body piercings, tattoos and body jewelry of an intimate nature must be covered up. Violations will be referred to parents.
- All cellphones and other electronic devices are to be turned off during class time. Music devices such as MP3 players / iPods, discmans, etc., maybe listened to only during break times or before the class begins. Please do not chew gum as it sticks to the chairs. Smoking is not allowed anywhere in the building or during the in-car sessions.
- Students will write two (2) tests over the course of 20 hours. Students are expected to take down notes and study to achieve an 80% average on these tests. All 20 hours must be completed and the workbook must be returned before the completion of the course. Replacement cost for workbook is \$10.00.
- All students are encouraged to have a copy of the “**Official Driver’s Handbook**” published by the Ontario Ministry of Transportation and bring it to each in-class session.
- Each student receives **10 hours** of private **One-on-One** behind the wheel instruction. If a student is unable to attend a scheduled in-car lesson for any reason, a phone call must be made as soon as possible to cancel. If the in-car instructor arrives at the scheduled location and the student is not available, there will be an additional **\$25.00** charge or loss of 1 hr. lesson and the lesson will be rescheduled. Parents are encouraged to ride along during in-car lessons.
- At the end of 10 hours, students are expected to achieve a level of independent basic driving skill which should enable them to pass their Ministry of Transportation Road Test to Level 2 (G2). Please note that this Road Test is not part of the Driver Education Program fee. However, a small additional charge will allow the student to use the Driver Education vehicle for the Road Test. This service includes pre-booking the appointment as well as pick up from the student’s home, use of the vehicle for the test, and return to the student’s home.
- *Upon successful completion of the requirements of both the in-class and the in-car components, students can request for **Drivers License History** at the Ministry of Transportation Office. A copy of this Drivers License History may be presented to insurance companies to qualify the licensee for potential vehicle insurance premium discounts.*
- Our program also includes instruction in the strategies and techniques of **Defensive Driving** and **Collision Avoidance**.
- This Driver Education Course is valid up to **one (1) year** only from the date of Enrolment. Failure to comply the needed requirements will forfeit the payments and the student will be required to re-enroll the course before he/she can be certified.
